Shearon Harris Nuclear Power Plant
Docket No. 50-400

Subject: Licensed Operator Initial Examination 05000400/2013301 Outlines

Dear Mr. Franke:

Enclosed are the operating test outline and the supporting reference materials for the Reactor and Senior Reactor Operator Initial Examination to be administered at the Harris Nuclear Plant during the weeks of September 9, September 16 and September 23, 2013. This submittal complies with the requirement identified in your letter dated January 14, 2013, to furnish these materials by March 25, 2013. The enclosed materials shall be withheld from public disclosure until after the examination is complete.

If you have any questions regarding these materials, please contact Mr. Richard (JR) Horton at (919) 362-3582.

Sincerely,

Simon Schwindt
Supervisor – Licensed Operator Requalification Training
